

BIOMEDICAL MASTERS AND POST-DOCTORAL TRAINEES WANTED

The Sub-Saharan African Network for TB/HIV Research Excellence (SANTHE) strives to lead the field in cutting edge HIV (particularly acute HIV) and Tuberculosis infection research.

We are searching for outstanding trainees to work at our site in Durban, South Africa, for the following projects:

1. Masters – ‘Source of HIV in the CNS in the face of antiretroviral therapy’ – Principal Investigator = Dr Alex Sigal (Location: KwaZulu-Natal Research Institute for TB-HIV)

2. Post-doctoral – ‘Global proteomics and transcriptomics of macrophages infected with *rpfC* and *rpfE* gene knockout mutants of *M. tuberculosis*’ - Principal Investigator = Dr Manormoney Pillay (Location: School of Laboratory Medicine and Medical Sciences, University of KwaZulu-Natal)

We offer a competitive stipend and value-added benefits including access to travel scholarships, consumable awards and knowledge and skills-building courses.

TO APPLY:

Please submit your curriculum vitae, complete academic transcripts and 3 letters of reference to recruitment@santhe.k-rith.org

DEADLINE: APRIL 30th 2016
