

Call for papers for the Inaugural Volume

The African Academy of Sciences through a decision of its Governing Council has decided to create a journal entitled, **The Journal of the African Academy of Sciences (JAAS)** to replace its journal "Discovery and Innovation" which has ceased to appear. The new journal is designed to be a high profile outlet of quality research findings and innovative ideas for Africa's development. The journal is open to submission from all researchers from within and without Africa. You are therefore cordially invited to submit articles to the inaugural volume.

All articles will be blinded and peer-reviewed before they are accepted.

There will be no publication charges for articles received before the 15th of April, 2016. Details can be obtained at www.aasciences.ac.ke and in the attached document.

Editorial Board
